

TIME IS MONEY

If you're using physical-era storage to manage your virtualized workloads, it's probably driving you crazy. In just 30 minutes, Tintri can show you how to take back control.

Find out how you can save your time, money and sanity, and as a thank you we'll give you a Apple watch.

All you need to do is:

- 1. Complete** an RVTools Assessment of your virtual environment
- 2. Submit** it via the form www.tintri.com/time-is-money-emea
- 3. Join us** for a 30-minute session to review

Stop losing time to physical-era LUNs and volumes - your virtual applications need storage that can fly high.

To qualify you need to:

- Have at least 250 VMs and 25 TB of virtual disks and be using vSphere
- Be new to Tintri - current customers, partners and suppliers are not eligible
- Act fast - the program ends on Dec. 31st or while supplies last
